This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

LETTER OF TRANSMITTAL.

STATE OF SOUTH DAKOTA, AUDITOR'S OFFICE,
PIERRE, December 1st, 1895.

To His Excellency,

HON. CHARLES H. SHELDON,

Governor of the State of South Dakota:

DEAR SIR;—I have the honor to transmit herewith a report showing the fiscal transactions of the state for the year ending June 30th, 1894, as contemplated by an act of the last legislature providing for an annual instead of a biennial report by the state auditor.

This volume, divided into three parts, contains:

FIRST:—A statement of warrants issued during the past fiscal year together with statement showing receipts, expenditures and balances in various funds for the same period.

SECOND:—An abstract of the assessment for the year 1895 as equalized by the state board of assessment and equalization, and

THIRD:—Such tables and statements compiled from the department of insurance as are of interest to the public and the companies doing business in the state.

AUDITING ACCOUNTS.

In my report submitted last year, I recommended the advisability and necessity of reducing the number of funds in the general appropriation bill, and the present report shows conclusively that such action was necessary. The last legislature, in framing the general appropriation bill, took due notice of this needed change and reduced the number of funds in the aggregate more than fifty per cent. As a result, the new method is working admirably to the satisfaction, I believe, of all concerned.

Some additional legislation in regard to issuing warrants, I am inclined to think, would be of benefit in more ways than one, and in the report which will be issued next year, I shall try to make such recommendations as may be beneficial to the state as well as to the people who are directly interested.

ASSESSMENT AND EQUALIZATION.

If this volume were to find its way into the hands of a near at hand session of the legislature, it would be well to dwell at length upon the inadequate revenue laws and the powers conferred therein which govern our present revenue system. There are numerous changes which I believe could be made and result in great benefit. But inasmuch as the recommenda-

161349

Digitized by Google

tions which may be made at this time cannot have legislative sanction or repudiation until after the time shall have elapsed in which another report shall issue from this office, I shall not treat the vexatious problem to any considerable extent, but shall simply make such comparisons as are of general interest at the present time.

On July 1st, 1894, there was uncollected and delinquent state tax to the amount of $371,653.46. On July 1st of the present year, the amount of state delinquent taxes was $355,362.38, as shown on page 166 of this report.

The tax extensions for 1892 amounted to $318,839.39; for 1893, $615,592.93; while the amount for 1894 was only $358,051.32, (see page 167), which latter levy is the last levy delinquent, as shown on page 166 of this report. It is evident that some different method of collection than the one in use at present should be had, as many of the counties which have large delinquent lists are situated in sections which have not suffered to any great extent from our common source of complaint, viz: drouth. A higher rate of tax sale certificates would no doubt help to remedy this matter.

Our state institutions for charities and corrections will in the near future demand much larger appropriations, and the general expenses of the state must of necessity increase in several directions, and while no doubt a reduction in some directions might be made, the gross increase which is bound to result will demand a larger amount of revenue than a 2-mill tax levy will meet.

The assessment of the state for the past four years has been as follows:—1892, $127,377,990; 1893, $136,032,840; 1894, 148,046,765; 1895, $121,751,151.

During this period the railroad, telegraph, telephone, express and sleeping car companies which are assessed by the state board, paid taxes on assessment as follows:—1892, $9,120,625; 1893, $9,164,496: 1894, $9,417,570; 1895, $9,418,613; so it will be seen at a glance that the decrease is wholly in other directions than that of corporation property.

While this state has suffered in common with the rest of the country on account of the general depression, it is evident from the above comparisons that some legislation is needed on the question of assessment which would secure to the state a proper listing of the property of its citizens, especially is this true in case of personal property, aside from live stock.

During the past year the state has suffered a great financial loss by reason of the failure of W. W. Taylor, state treasurer, to turn over the funds to his successor. Under our laws, the treasurer was custodian of the funds, and no person, not even his trusted deputy could tell what amount of money he had on hand. The books of his office and those in the office of the state auditor would show the amount he should have had, and while Mr. Taylor was treasurer all warrants presented were paid and no suspicion of shortage on his part was entertained in this office at least, until the time for his settlement arrived, when it was discovered that he had taken funds amounting to $367,020.59 as shown on page 176. The treasury for a time was bankrupt, but was soon replenished by the issuance of revenue warrants, so that the warrants of the state have been at par since payment was resumed. This defalcation at the present time, December 10, amounts to $239,468.30, the sum of $127,552.24 having been recovered in cash by legal process and by W. W. Taylor returning $100,000; The deficiency has also been greatly re-

Digitized by Google

duced by the turning over to the state of real estate and personal property. But to give the value of such property at this time is beyond our power.

Had the treasurer turned over the funds, there would have been $228,931.27 in the general, deficiency and maintenance of insane funds to apply on general expenses. Had these funds been forthcoming and applied to general fund expenses, there would still be outstanding $190,500 of revenue warrants and the cash on hand would be the same as at the present time. It can be plainly seen therefore, that with good management and a proper accounting for public funds by the state treasurer, the state cannot avoid the payment of useless interest on revenue warrants because of constitutional restrictions.

The amount of warrants issued on the general fund during the past fiscal year, not including revenue or funding warrants, has been $444,242.16 During the same period, the collections aside from cash on hand and the sale of revenue and funding warrants, were $318,123.86, (see page 168) in the general fund or $126,118.30 less than the amount of warrants issued. These figures speak for themselves and tell once more the story that the state cannot meet its obligations without deficiency levies, and inasmuch as the deficiency must exist before the levy can be made, the obligation of the state assumes, in part, a debt bearing form before the tax is even levied to meet it.

Of the $444,242.16 issued on the general fund during the year, $79,407.45 was on account of appropriations for the hospital for insane for the fiscal year. Nearly all this amount, $70,854.65, was collected by special tax. So that the general fund was only depleted to the amount of $8,552.80 on account of that institution. For the Soldiers' Home during the same period, there were warrants to the amount of $26,982.20 drawn on the general fund and during that time the U. S. Government paid into the state treasury $10,125.00 on account of aid, leaving a net deficit of $16,857.20 as a total cost to the state general fund. The two institutions above named made a total deficit of $25,410.00 out of the deficit of $126,118.30. On the other hand, the Secretary of State paid in fees amounting to $3,892.85, and the warrants drawn on account of his office aside from the salary of the secretary himself, amounted to $2,900, leaving the general fund $992.85 for a surplus above the expense of operating the office.

The state auditor's office paid the general fund from the insurance department fees and taxes, $24,795.27, and the warrants drawn to maintain the office, aside from the salary of the auditor, amounted to $6,563.67, leaving a surplus of $18,231.60. The surplus from the two offices named amounted to $19,224.45, leaving the gross deficiency for the fiscal year for conducting the affairs of state, aside from the institutions and offices named which contributed to the general fund the sums mentioned, $120,547.48. This deficiency will be met with such other deficiencies as may exist by a deficiency tax. But the absurdity of a state being compelled to do what no good business man would do in managing his private affairs; paying interest on deficiencies when his resources are ample to meet the outstanding obligations without extra expenditure, is apparent. And for that reason I trust that the matter of our state revenues and assessment will receive more careful study than mere partisan attacks and defenses.

Digitized by Google

The matter of taxing unorganized counties for expense incurred in assessing the same and for maintaining insane patients was referred to the last legislature, but no action was taken. The situation is as it was before, the state being a debtor for assessing some counties, the gross receipts to date being insufficient to meet the expense.

An amendment to the constitution providing for a levy of 3 mills annually would meet the necessary expenditures of the state government and keep our warrants at par without our being compelled to pledge revenues in advance and pay interest as we are now obliged to do, and while this change may not meet with popular approval, it is nevertheless an absolute necessity and must come sooner or later. This subject is one which might be treated at considerable length and with a great deal of benefit, and in the next report it will be given such consideration as I think it deserves at my hands.

INSURANCE.

At the last session of our legislature, laws were passed providing for the organization of county Mutual Insurance Companies. Full text of these laws may be had upon application to this office. The solidity and general effectiveness of these companies, which is of a mutual character, rests in the membership entirely. This office has no jurisdiction over them further than to file articles of incorporation together with a copy of by-laws, for such companies as organize under chapter 99 of 1895 Session Laws. Companies formed under chapter 100, simply file with the county auditor. General prosperity throughout the state will undoubtedly see numerous organizations under these laws.

The cash receipts for the fiscal year 1894 do not appear in this report in itemized form as heretofore, but will be given in the next annual report in order that comparisons of the two years business may be made. The total receipts by this office from insurance companies for year ending June 30, 1895, were $19,195.06 as compared to $14,457.20 for the previous year. The amount of taxes paid by companies direct to state treasurer was $5,456.86, making the total receipts from insurance companies $24,651.92 against $27,583.60 for the previous year.

Growth of business in this state is shown as follows:

1890	$21,162 70
1891	22,689 44
1892	23,934 84
1893	29,440 43
1894	27,583 60
1895	24,651 92

The ratio of losses paid to premiums received in this state for the last six years, (1889 to 1894 inclusive) has averaged less than 50 per cent.

Reports filed in 1895 give the following per centages to companies named;

Ætna, Hartford	28.7 per cent

		Total	$50,000 00

The above $50,000 of revenue warrants were issued in conformity to Chapters 91, 92 and 93 of the laws of 1895, for the purpose of maintaining the credit of the state.

There were also issued, in addition to these warrants, 125 coupon warrants in denominations of $1,000 each, bearing date of March 1st, 1895, payable to bearer, with interest at the rate of 6 per cent per annum; coupons payable October 1st, 1895, and April 1st, 1896; principal due April 1st, 1896.

On the same date, March 1st, 1895, there were also issued 100 coupon warrants, in denominations of $1,000 each, payable to bearer, with interest at the rate of 6 per cent per annum, payable semi-annually; interest coupons payable October 1st, 1895, April 1st, 1896, October 1st, 1896, and April 1st, 1897; principal payable April 1st, 1897; making a total of $225,000 of coupon warrants in addition to the above $50,000, making a grand total of $275,000.

The $225,000 of coupon warrants are payable at the Chase National Bank, New York City, and are registered in the offices of State Auditor and Treasurer.

REPORTS.

The various corporations which are required by law to file statements with the State Auditor made report, and the following information was disclosed therein.

Pullman Palace Car Company, for year ending April 30th 1895, had no employes except conductors and porters employed on cars running into the state. It does not maintain any office within the state, and does not own any office furniture, fixtures or real estate within the state. The number of miles of railroad over which it runs its cars in this state is 170, and the number of miles which such cars run in various counties is as follows:

Fall River, 65; Custer, 41; Pennington, 32; Lawrence, 22; Lincoln, 6; Minnehaha, 4.

The gross earnings of the total business of this company transacted within the state for the year ending April 30th, 1895 was $411.20.

Wagner Palace Car Company, has no employes engaged in the state, save attendants of the cars. It does not maintain any office, and does not own any furniture, fixtures or real estate within the state. The number of miles of railroad over which it runs its cars within the state is 263, and the number of miles which said cars run in the various counties is as follows:

Beadle, 18; Hand, 31; Hyde, 18; Hughes, 47; Meade, 26; Custer, 33; Fall River, 49; Pennington, 26; Lawrence, 15.

The total earnings of business transacted within this state for the year ending April 30th, 1895, was $3,307.25.

Aberdeen Telephone Company, reports 20 miles of line; average poles per mile 35; one office; 40 instruments; one battery; total value of property, $500.00; gross receipts for year ending April 30th, 1895, $1,170.00; net loss, $80.00.

Watertown Telephone Company, reports 25 miles of line; average poles per mile 32; one office; 50 instruments; 50 batteries; total value property, $2,000.00; gross receipts for the year ending April 30th, 1895, $240.00.

North-Western Telephone Exchange, doing business in Minnehaha and Yankton counties, reports 16 miles of line; average poles 25 per mile; 2 offices; 191 instruments; total value of property $3,150.30; gross earnings for year ending April 30th, 1895, $7,991.02 net loss $571.78.

Black Hills Telephone and Telegraph Company, reports 208 miles of line; average poles per mile, 25; number of offices, 13; total value of property $9,910.00; gross receipts for year ending April 30, 1895 $17,760.37; net receipts $2,856.03.

Western Union Telegraph Company, reports 2,483.25 miles of line; average poles per mile, 26; number of offices, 253: total value of property, $75,502.70; gross receipts of all said offices for year ending April 30th, 1895, $23,270.22; net receipts are not stated, as report says it is impossible to apportion the earnings within the state.

Great Northern Express Company, reports number of exclusive employes, 0; joint, 31; number of offices, 23; furniture and fixtures, $172.72; real

estate, 0; cars leased or owned, none; miles of railway operated 251.74; gross earnings within the state for year ending April 30, 1895, $1,514,93.

Adams Express Company, reported 4 exclusive employes, 10 joint employes; number of offices, 13; value of property, $555.58; miles road operated, 201,245; gross earnings for year ending April 30th, 1895, $2,023.92.

American Express Company, reported number of exclusive employes, 21; joint, 111; number of offices, 104; furniture and fixtures $7,595.81; real estate, $1,950.00; cars leased or owned, none; miles of road operated, 1,089.34; gross earnings within the state for year ending April 30th, 1895, $17,506.44.

United States Express Company, this company reports number of employes engaged within the state as 120. The number of offices within the state, 111; the value of offices, furniture, fixtures, etc., is $1,703.00. The number of miles of railroad over which it conducts business within the state is 1224. The gross earnings of business transacted within the state for year ending April 30, 1895, was $17,996.74, and the value of all property used by the company within the state is about $2,450.00.

RAILROADS.

The reports of the various railroad companies are so exhaustive and complicated that we are unable to give the full information contained therein as the provisions for compiling and printing this report are not adequate to cover the expense that would be necessarily involved to include these reports entire. But some extracts are made from the various companies for general information.

Chicago, St. Paul, Minneapolis and Omaha Railway, operates 88.20 miles of line in the state, valued at $1,323,000.00, right of way includes 776.97 acres of land; value of right of way and improvements, including depot grounds, gravel and sand beds, etc., $121,835.00; value of bridges, culverts, depot and other buildings and machinery and tools, $121,835.00; rolling stock $79,000.00; gross earnings within the state for year ending April 30th, 1895, $67,969.37; operating expenses within the state for same period, $71,733.37, being a net loss of $3,764.00.

Dubuque and Sioux City Railroad, being the Illinois Central, operates 14.95 miles of road all in Minnehaha county valued at $33,220.00; right of way and improvements 176.57 acres valued at $12,000.00; depot grounds, etc., valued at $9,299; rolling stock valued at $4,281.00; total value of $59,800.00; gross earnings within the state for year ending April 30th, 1895, $9,262.86; operating expenses for same period $16,172.36, taxes $1,390.47; being net loss of $8,299.97.

Duluth, Watertown and Pacific Railway, being a part of the Great Northern system, operates 69.84 miles of road valued at $2,204,515.58; which amount is given as the total value of all property; the gross receipts for the year ending April 30th, 1895, $18,384.98; operating expenses for same period $25,645,971 taxes, (estimated) $4,675.50. Interest on bonds $82.500; net deficit $94,436.49.

Wilmar and Sioux Falls Railway, being the Great Northern branch from Yankton to Sioux Falls, operated 82.65 miles with total value of all property

Digitized by Google

in the state at $2,139,673.67; gross earnings for the year ending April 30th, 1895, amounted to $72,512.59: operating expenses for same period $86,456.00; taxes, (estimated) $5,782.72; interest on bonds, $72,985.74, being a net deficit for the year $92,681.96.

Great Northern Railway. Line from Aberdeen to St. Paul 99.25 miles leased from St. Paul, Minneapolis and Manitoba Railway company; value given, including cost of road, buildings and equipment, at $1,493,699.23; gross earnings for the year ending April 30th, 1895, Benson to Watertown, $26,539.20; operating expenses $25,432.98; taxes (estimated) $3,724.60; net deficit $2,618.38. Rutland to Aberdeen, gross earnings $18,229.70; operating expenses $33,431.70; taxes (estimated) $3,833.46; net deficit $19,085.46, being a total deficit of $21,703.84 for the line.

Cedar Rapids, Iowa Falls and North-Western Railway, commonly known as the Burlington road, operated 82.76 miles of road. The value of its property as given in statement is main line and branches, $220,000; right of way, 990.38 acres with improvements at $254,327; bridges, culverts, depots and other buildings, $26,446; rolling stock, $73,600; gross earnings in the state for the year ending April 30th, 1895, $112,997.68; total net earnings, $14,-845.19.

Sioux Falls Terminal railroad report that the road has not been in operation for some time.

Wisconsin, Minnesota and Pacific Railroad operates 38.84 miles of road, which, with all other property, including 580.70 acres of right of way, is valued at $113,607; total gross earnings for the year ending April 30th, 1895, $13,008.93; as to net earnings, the statement "we are unable to give this information," is included in report.

Sioux City and Northern Railroad operates 7.99 miles with main track valued at $49,166; right of way, 79.83 acres and improvements $52,410; bridges, culverts, depots and other buildings, $16,476; rolling stock, $19,252; gross earnings, $14,234.76; net earnings, $1,462.64.

Grand Island and Wyoming Central Railroad, commonly known as the Burlington in the Black Hills, operates, including Deadwood Central, (narrow gauge) 208.73 miles of road; number of acres in right of way, Deadwood Central branch, 63.27; on main line 3,711.35. No values are given by this company of any property except minor items of turn table and coal chute. Total gross earnings for the year ending Dec. 31st, 1894, is given at $171,-594.04; total deficit in excess of above receipts is given at $87,235.74.

Chicago and Northwestern Railway operates 929.16 miles of line containing 17,250.99 acres of right of way. The estimated value of right of way and improvements is given at $123,223.96; value of bridges, culverts, depots and other buildings is placed at $55,220; amount of rolling stock in use in this state $269,375.00; value of main lines is not given; gross earnings for year ending April 30th, 1895, is reported $839,369.30, operating expenses reported at $1,045,768.78; interest on bonds reported $840,764.39, leaving a total deficit for operating lines in this state $1,047,161.87. Their statement reports taxes paid in 1893 $86,464.82, being 7¾ per cent of the gross earnings; taxes for 1894 were $84,360.28, being 10 5-100 per cent of the gross earnings.

INSURANCE DEPARTMENT.

The following tables, compiled from statements made to the Insurance Department, show the condition on the 31st day of December, 1894, of the foreign Fire Insurance, foreign Life Insurance and Miscellaneous companies, doing business in this State at that time:

Statistics condensed, as taken from previous reports and following tables, show South Dakota business for years named.

	Risks Written.	Premiums Received.	Losses Incurred.	Losses Paid.
Foreign Fire Companies—				
In 1889	$14,788,821 99	$338,319 81	$177,765 85	$157,350 19
In 1890	16,280,769 83	338,212 02	185,453 67	162,206 00
In 1891	18,049,815 01	342,047 27	159,404 00	162,115 17
In 1892	24,133,456 99	462,142 80	123,070 46	141,821 49
In 1893	22,479.401 00	448,280 95	203,777 02	199,499 52
In 1894	18,715,863 00	383,392 00	201,089 00	189,369 00
Total	$114,448,127 82	$2,312,394 85	$1,050,560 00	$1,012,361 37
Foreign Life Companies—				
In 1889	4,079,884 57	187,274 96	46,772 04	39,494 43
In 1890	1,546,245 10	228,064 48	15,972 48	59,013 71
In 1891	1,620,245 10	276,288 40	53,393 54	96,433 65
In 1892	2,732,479 30	351,998 04	20,733 93	60,843 43
In 1893	19,559,697 00	389,363 81	123,900 51	171,055 90
In 1894	6,637,717 00	350,815 00	137,526 00	122,367 00
Total	$36,176,268 07	$1,783,804 69	$398,298 50	$549,208 12
